

2025-26 Boundless Committee Recruitment

Boundless, a non-profit youth-led collaborating initiative with the YMCA of Hong Kong, is a student development programme that empowers aspiring secondary school students who are constrained by resources and networks. We believe that our society thrives only when its youths are offered sufficient resources to grow and develop their potential. This is why we bring mentorship, skills-based training and a variety of opportunities to students that are most in need of them. Our goal is that through the programme, we can help nurture talents and ultimately create a lasting social impact in Hong Kong.

Founded, designed and organised by university students, Boundless is a place where exceptional people support motivated high-school students who can benefit the most from our initiative. It is also a place where exceptional people learn and grow with the teenagers that they serve. If you share the same vision as we do, we are excited to have you on our team and contribute to this meaningful cause. We are currently recruiting for several positions and the descriptions are given below.

As a committee member, while it is a sizable commitment, the rewards are immense. Not only you get to witness the growth of programme participants (which is an extraordinary journey), the experience will provide you with a learning experience which is equally rewarding. Since Boundless is a well-formalised initiative, committee members get to work alongside experienced NGO workers and programme partners. Regardless of your role, the hands-on process of creating a social impact is invaluable.

Please apply by filling in the [online application form](#) by 16th July (Sun). Interviews will be conducted in face-to-face format and we will get in touch with you via email within a week after receiving your application. Of course, if you are interested in multiple positions or simply want to get involved in alternative ways, we would love to hear from you as well.
